Today the parents took part in a math's workshop there different stations set up with activities parents could do with their children at home such as Shaped house hold item such as a circle clock, play dough with shaped cutters, physical math cube, counting pegs and matching socks. The parents and children enjoyed this workshop.

“She like shaped objects” Johana’s Mum

She likes to play around here today thank you” Livina Dad

“He likes play dough she likes counting numbers she is good at maths” Brushra’s Mum

“It was a good workshop my daughter recognises shapes and numbers I am surprise at how much she knows” Aaliyah’s Mum
