

Christmas in Red Room

In Red Room we have been taking part in different activities for Christmas this year. We had a freely tray full of Christmas themes items that we explored and felt with our hands. We were able to count how many baubles were in the tuff tray.

In Red Room, the children made a Christmas list to Santa, where they cut and stuck the pictures themselves. They made Christmas cards and calendars to give to their family. They had a Christmas party where they did lots of dancing and singing and the nursery cook had cook us some yummy Christmas food. We all have enjoys celebrating Christmas with our friends.

We used finger paints to create beautiful pictures of Christmas lights. We talked about the different colours that we could see, and how we can mix some colours to make other colours.

Santa was kind enough to take time out of his busy schedule to visit us. He came and brought us presents. He shook his bell and we sang "Jingle Bells" to make him happy.
