

# Diwali Fireworks

As well as creating our own firework picture, the children had an opportunity to use a sparkler to watch their own mini fireworks. We talked about how we had to use a carrot to hold the sparkler because we had the right to be safe, and then we sang "Pretty Colours In The Air" as we made shapes with our sparklers.

# Diwali Celebrations

This term we have been learning Diwali. In Red Room, we have been making divas to give to our mummies and daddies. We used salt dough that we rolled, and pushed our thumbs into the dough, singing "push the playdough". Then we pinched the edges of the dough and sang "I like to pinch it, pinch it". After this, we decorated our divas with glitter to make them look beautiful and shiny!

We have been learning about different celebration in Red Room. We talked about how firework appear both during Diwali and on Bonfire Night. We used paint and water mixed in spray bottles to create firework pictures. We used yellow and red paint to create beautiful firework. Some of our children were able to recall back to the previous day when we had used sparklers. They sang "pretty colours in the air, whoosh and bang" as they sprayed the paint.
