

The children enjoyed collecting the autumn leaves and talking about what they see;

Aamina- "yellow leaf"

Nahom- " I see all green, red and yellow leaves"

Nathan- "very cold in the wind.. red, green, yellow leaves"

Safwaan - "look up... leaves on the tree...green"

The children explored the leaves by looking, touching and feeling them.

Visit to St George's park
Wednesday- Friday group

Before going to our listening walk to the park, we went for a walk around the nursery to listen to what sounds we can hear. The children were able to identify sounds such as;

- Door bell
- Water tap
- Office phone
- Hand dryer
- Microwave
- Foot steps
- Tumble dryer

Visit to St George's park
Monday- Wednesday group

The children went on an autumn walk to St George's park. We had a lot of parent volunteers joining us for a walk. The children enjoyed using their senses to explore the outdoor environment. We listened to many environmental sounds such as the wind, birds, rustling leaves and a dog barking. All the children were given a bag to collect natural resources (leaves, stones, twigs).
