

Yellow Room's visit to the Brearley Library 21.1.2026

Every week, we get to visit our own Brearley Library inside our setting. The library has been set up as an additional special and cosy place to our classroom, where children can go to read and share books to foster children's love of stories. The children are always excited to visit this special space and value the joy and learning that books can bring us.

What skills are we learning?

- How to hold a book the correct way up
- How to take care of books
- Print has meaning
- Key features of a story– title, beginning, middle and ending of a story
- Learning new vocabulary
- Learning and recalling what key events happen in stories and sequencing these
- A story is written by a author and an illustrator draws the pictures
- Extend our language by talking about our stories to our peers and adults
