

Exploring Goldilocks hair

19.1.2026

We used different coloured spaghetti and added this to playdough so children could make their own models of Goldilocks and create her hair too. We introduced new concepts such as long, short and what colour hair we have and compared this to Goldilocks.

Firdaus "Her hair is golden and medium".

Hajar: "Her hair isn't as long as Elsa"

We have the right to learn and foster a love for books as it all begins in the early years.

Goldilocks had been to Tesco.

19.1.26
When we arrived to nursery this morning, a wow moment had happened...there was footprints leading to a shopping bag from Goldilocks. The shopping bag was a Tesco bag, the children explored this logo and the initial sound of Tesco. Goldilocks had gave us some vegetables such as peppers, broccoli, mushroom and potatoes. The children discussed whether they thought these types of foods were fruits or vegetables. To link in with healthy eating we also spoke about how vegetables keep our bodies healthy as they have lots of vitamins in them. We then created a large scale art piece.
